

Concept visualisation showing landscape features

1. Wetland planting

Mixed wetland planting, to help wildlife to thrive in the lake and create a good environment for pond dipping

2. Discovery Zone

A platform for pond dipping, allowing people to discover the mini-beasts that live beneath the surface of the water

3. Wildlife nesting islands

An additional island in the centre of the lake to offer visible refuge from disturbance to nesting birds

7. Performance Zone

Amphitheatre tiered terraces laid into the grass slope overlooking the lake for performance events

6. Wild Zone

An rewilding area, for wetland plants and animals to thrive

5. Interpretation and art

Artistic sculptures and panels interpreting the wildlife and heritage of the park

4. Wetland boardwalk loop

A boardwalk with sights into the existing island, offering people an accessible loopwalk around and across the lake

Drawing Extent

- General Notes
1. Do not scale drawings. Dimensions govern.
  2. All dimensions shall be verified on site before proceeding with the work.
  3. WWT Consulting is to be notified in writing of any discrepancies.
  4. Drawings to be read in conjunction with the relevant specification documents.
